promoting STEM around the
world.

FRC TEAM 2151 MONTY PYTHONS

Dear Potential Sponsor/Mentor,

We are the Monty Pythons Robotics Team 2151, from Forest Park, Illinois, located at the Proviso Mathematics and Science Academy. We are a team of high school students who dedicate ourselves to building a robot for a competition every year and promoting STEM education in our communities.

The organization, FIRST, aims to spread science, technology, engineering, and mathematics (STEM) throughout the entire world. There are many fun programs to get students ages five to eighteen involved in STEM, including the program that we are **part of, the FIRST Robotics Competition (FRC)**. This competition is more than just about “building robots”. By using teams like ours, **FIRST hopes that we can be positive influences in our community.**

Some of our previous projects include sending science kits with student workbooks in spanish to Mexico, and organizing a high school hackathon.

In order to achieve so much more, we need many things – **energy, vision, time, funding, tools, and a mountain-sized work ethic.** As students have left the team, so have parent volunteers and mentors. We would like to expand our current sponsors beyond just our school to make connections all around us. By supporting our team, you will help make something amazing happen for young people in our community. We have attached more Information about our team in this package, and how your company is able to help us.

FRC TEAM 2151 MONTY PYTHONS

As we are starting to go back to normal after the pandemic, here is the following monetary priorities our team must meet.

ITEM	PRICE
Robot Materials	\$300.00
Pit Materials	\$300.00
Motors	\$200.00
Midwest Regional Entrance	\$2,500.00
Marketing Materials	\$600.00
Hackathon and Events	\$2,000.00
Total Price	\$6,000.00

Additionally to monetary help, the team requires mentors and professionals in the Tech, Engineering, and Marketing industry to help us with successfully promoting our team and building the robot.

MENTOR NEEDS

CAD
Marketing
Writing
Finance
Programming
Graphic Design
Public Speaking
Mechanical

ROLE DESCRIPTION

SPONSORSHIP PACKAGES

These packages are chosen by the company, and depending on the monetary value we receive from that company, benefits will be given accordingly.

CONTRIBUTOR (\$100-\$299 OR VALUE OF)

A contributor will have their company link and logo on our website under "sponsors", a thank you letter from our team, a team picture with their company posted to social media, along with many mentions from our team!

AFFILIATE (\$350-\$799 OR VALUE OF)

Contributor benefits, mentions and exposure from our team, and distribution of sponsored provided items at competition. Logo will also be placed on any team related flyers that are distributed.

TOP SPONSOR (\$800-\$999 OR VALUE OF)

All of the previous benefits, along with the companies' logo on our robot, and logo on all promotional materials. Logo will also be placed inside our pit at competitions.

TITLE SPONSOR (\$1000+ OR VALUE OF)

All previous benefits, along with prominent recognition in the media, interviews, and award ceremonies. Company's name will be announced at competition

Business Website: _____

Captain Signature: _____

Company Representative Signature: _____

Sponsorship Package:

Contact our head mentor, John Wardisiani for anything related outside of what is to be dealt with a student rep. If the team has any questions, we will be in contact with your companies' Contact Person with their email address.

This agreement is to last from the date it is signed by the company, to the end of our school year on June 1, 2022. The company and sponsor agree to what was discussed in person, and the chosen sponsorship package. The Monty Pythons FRC 2151 Team agrees to fulfill the terms of what is described in the sponsorship package, and at the end of our year, will revisit your company again to thank you for your support to the team and present to you our accomplishments.

We appreciate our sponsors greatly, and if you decide to continue sponsoring us after our end of the year visit, this agreement will be signed again.
